CAMAR 819

— Nuovo reggibase nascosto Camar 819.

Il più discreto, perchè fissato totalmente dietro al pannello di fondo e quindi invisibile dall'interno del mobile, 819 garantisce la massima sicurezza grazie al suo sistema antisganciamento 3D che resiste a sollecitazioni provenienti da qualsiasi direzione, mantenendo il mobile sempre saldamente ancorato al muro. Camar ha la giusta soluzione per ogni mobile sospeso.

— New Camar 819 concealed hanging bracket for base cabinets.

The most discreet, because it is installed behind the back panel, and is therefore totally hidden from the inside of the cabinet. The 819 bracket is able to guarantee the greatest safety, thanks to its 3D anti-drop system, able to resist forces exerted from any direction and keep the cabinet perfectly secured to the wall. Camar has the right solution for all kinds of hanging units.

— Neuer verdeckter Unterschrankschuhänger Camar 819.

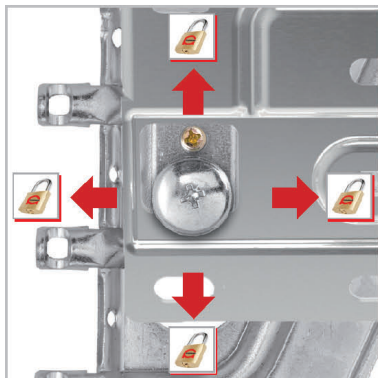

Der Unauffälligste. Denn durch die verdeckte Montage hinter der Rückwand ist der Unterschrankschuhänger 819 im Inneren des Möbels nicht zu sehen, garantiert aber dennoch die maximale Sicherheit durch die 3D Aushängesicherung, die Belastungen aus allen Richtungen standhält und sicherstellt, dass das Möbel immer fest mit der Wand verbunden bleibt.

Camar hat die richtige Lösung für alle hängenden Möbel.

— Nouvelle suspension invisible Camar 819.

Plus discrète, car fixée derrière le fond, donc tout à fait invisible de l'intérieur du meuble, la suspension 819 garantit la grande sécurité, grâce à son système anti-décrochement 3D, qui résiste aux mouvements provenant de toutes les directions, et laisse le meuble parfaitement accroché au mur.

Camar a LA solution pour toute sorte de meuble suspendu.

— Nuevo colgador para muebles bajos CAMAR 819.

El más discreto, porque totalmente oculto detrás de la trasera, y por lo tanto invisible desde el interior del mueble, 819 garantiza la máxima seguridad gracias al sistema antidesenganche que resiste a estreses originados desde cualquier dirección, y asegura perfectamente el mueble a la pared.

Camar ofrece la mejor solución para cada armario colgado.
